

Over Thousand Attended Sexsmith Legion Picnic At Buffalo Lakes On Sunday

Veterans And Others Assembled From All Parts Of The Country And Enjoyed A Wonderful Picnic, Which Was Dominated By The Spirit Of Cooperation—Red Letter Day For The Kiddies, Who Received Free Treats.

A crowd estimated at over one thousand attended the Sexsmith Legion picnic on Sunday, held on the Buffalo Lakes sports grounds skirting No. 2 Lake.

Comrades and others were there from all sections of the country, some coming as far away as Fairview.

Weather was perfect. Everything was green, while the lake lay placid and sparkling, making a wonderful background.

The entertainment program included baseball, football for men and girls and ladies basketball.

A friendly horse race contest proved one of the centres of interest. In this game, also known as barnyard golf, there was no room for an amateur.

If a player could not make his fair proportion of rings he simply did not belong in this company of experts.

The sports, however, were by the way, as the occasion was billed as a picnic and the problems of the day were gathering. It was a real get-together for the comrades and old and new residents.

"The Rendezvous of Delight," situated in a clump of trees on the bank of the lake, proved popular. Here service was scrappy and most courteous.

Jack Cummins, attired in a costume representing the embodiment of the spirit of the North, and Pat Healy, also attired in a striking uniform, could be taken as a cross-section of the British Empire army and were busy all afternoon creating fun and seeing to it that the kiddies especially were not overlooked.

Ed. Carney, president of the Sexsmith Legion, was doing many duties. In fact he seemed to be everywhere. (Continued on Page Five)

There will be addresses by the president, C. O. Post, and other speakers. The annual U.F.A. Convention will be held at the Sexsmith Legion, commencing at 2 p.m. on Friday, July 14th.

The new race track is in good condition and it is expected that the fastest horses in the country will be there.

Water sports are among the many features of the large offering and the bathing beauty contest—which made such a big hit last year—is again on the bill.

The rodeo includes all events which furnish thrills and spills and make a real round-up program. Attractive prizes are offered in each class.

There will be a dance in the North Klekuan school-house at night, at which time the first-class orchestra will supply melody and rhythm.

No dull moments during the entire day, declare the committee in charge.

Spirit River Constituency C.C.F. Party To Dominate At Rycroft Tues., July 25

Decision Made At Well Attended Organization Convention Held At Spirit River June 28—Emil T. Sather Of Wainham Elected President—Events Meeting Addressed By W. Irvine And P. J. Rowe, M.P. For Athabasca.

SPIRIT RIVER, June 28.—The organizing convention of the C.C.F. for the new Spirit River riding met at the Masonic Hall here yesterday, June 28, at around 2 p.m. There was a very good attendance and the organizing and business was done very harmoniously and on time for adjournment at around 6 p.m.

H. J. Grenache was chairman and R. G. Thomlinson, secretary. Both did a good job, and with the able assistance of W. Irvine and P. J. Rowe, M.P. for Athabasca.

The officers of the Spirit River riding are: President, Emil T. Sather, Wainham; vice-president, J. H. McVie.

The following accounts were passed for payment: General, \$59.64; medical, \$12.00; first-aid, \$12.00; unemployment relief, \$29.50; labor, \$142.64. Total, \$247.78.

On motion it was decided not to hold the next regular meeting, which was to have been held on the third Monday of this month.

Councillor Smart drew attention to the condition of the Grande Prairie riding and the health committee with authority to investigate the condition of the riding.

The secretary was instructed to write to the town of Melita, Manitoba, and get a copy of their constitution. It was pointed out that the Melita constituency is one of the best kept in the country.

In 1932 the town secretary had his salary substantially reduced, in line with other economies instituted. The council agreed to increase the salary ten dollars a month, which represents a portion of the cut made in 1932.

Father Redmond, who has been attached to St. Joseph's parish at the past three years, has been transferred to Woodstock, Ontario. He will be making a tour of the riding in the near future.

He was active in the Grande Prairie C.C.F. Association and will be greatly missed by that organization.

She also mentioned the fact that the Dominion conference, the address of which was given by Mrs. Forbes, Canada we have a duty to the people of other nationalities. They bring us their culture and their customs.

First Class Sports Program Served Up at Grande Prairie On Dominion Day, July 1st

Sports Officially Opened By Mayor Lawlor In Short Patriotic Address—Good Attendance Notwithstanding High Wind Which Swept The Country—All Divisions Keenly Contested—Sports Most Efficiently Managed By Grande Prairie Athletic Association—There Will Be Small Balance On Right Side Of Ledger, Which Is Not Out To Make Money.

Notwithstanding the high wind that swept the country on Saturday, July 1, there was a good turnout at the sports held in Recreation Park, Grande Prairie, under the auspices of the Grande Prairie Athletic Association.

It is understood that while the final accounting has not yet been made, there will be a slight balance on the right side of the account. This is the satisfactory result when it is considered that all children of school age were admitted free.

All ladies and gentlemen in the various divisions were well contested, while the track events were all to the good.

Mayor Lawlor officially opened the sports at one o'clock. In introducing Mr. Lawlor, Jack Kerr, president of the Athletic Association, said: "Ladies and gentlemen: As this is the first of July, the most notable day in Canadian history, I feel highly honored to have our Mayor here to open the sports in commemoration of Confederation and also to officially open the Grande Prairie Athletic Association sports."

There was no further scoring until the first of the seventh, when Grande Prairie drove in two runs, tying the score.

In the first half of the eighth Spirit River counted two and Grande Prairie counted two. In the last half Grande Prairie counted two, again tying the score.

The game was called on account of darkness and it was agreed to split the money.

Chicago Men On Pleasure Jaunt To Alaska

Father And Two Sons Hold Pilot Licenses—Are Struck With The Development Of The New Point In A Month, Then Proceed Through The Monksman Pass To Vancouver.

Flying their private plane, a Lockheed-Vega W. Piper and two sons, Norman and Wesley, brought their machine down on the Grande Prairie airport at noon Monday.

Interviewed by The Tribune reporter, Mr. Piper said they were on a pleasure jaunt to some point in Alaska to be determined on later.

Mr. Piper, who is secretary-treasurer of the Boarding-Pipe Company, manufacturers of foundry equipment, further stated that they hoped to be away for a month, when they would return to Grande Prairie, go up and down the coast, and then to Vancouver.

Asked for his impressions of this country, Mr. Piper replied: "I think, considering that this is a new country, the development has been marvelous."

The visitor was struck with the general development of the country between Calgary and Edmonton. He said he was pleased to see the development of aviation in this new area, which, he added, should help to solve transportation problems in this country not yet tapped by railways.

Illustrating the speed at which people can travel nowadays, Mr. Piper said that they flew from Calgary over Lake Louise at a height of 10,000 feet. The view was described as magnificent.

The sons, both pleasant chaps, when asked by the reporter how they were enjoying their trip, replied, "Just splendidly. The boys described words for Grant McConachie, president of the Yukon Southern, for his courtesy in giving them directions and other information. The boys are taking pictures from the air and on the ground. They said they would have a complete story of their trip in pictures."

All three have their pilot's license. The visitors were met at the local airport by Mr. H. C. Gie of the Yukon Southern Company's agent at Grande Prairie.

LADIES BID FAREWELL TO MRS. HUGHSON

FLYING SHOT, July 3.—The Flying Shot and the Seven Stars Luckies on Wednesday, June 28, to bid farewell to Mrs. Hughson.

Mrs. Hughson was in charge of the entertaining, which started by a sing-song. Some clever games followed, first matching current events with names like "motion picture" and "Hollywood." Second game was a play on names. A name starting with a "B" was "Bogonia" (Be gone).

The third game consisted of matching men's jobs with women's names. For instance a train porter's wife's name would be "Bertha." The ladies then told what they would do with a thousand dollars.

Mrs. Hughson served a delicious luncheon, after which all gathered round Mrs. Hughson and sang "For She's a Jolly Good Fellow."

Mrs. Hughson presented six silver teaspoons to Mrs. Hughson on behalf of the ladies; also praised her highly for her work in the community and expressed regret at her leaving.

Edmonton High-Lights In News

EDMONTON, July 3.—Edmonton, capital city of Alberta, is looking forward to the First Hundred Thousand of 1914, but possibly of the 1915, when the population of the city claims to that number. This year's census shows a new record—90,419 persons.

Announcement in London that two prominent Britons are on the way to Alberta to investigate the possibilities of a pipe line from the Turner Valley field to the Peace River.

Another report which said the possibility of a commercial-military enterprise in connection with the Turner Valley field has been known to Winnipeg financial men for months. It was added that the Dominion has been in conference with a prominent oil company and that a "secret" report was being prepared by a Winnipeg printing firm.

Alberta Health Week, held last week, met with a good deal of support among business men and public generally. In connection with the educational feature of the campaign, it is worthy of note that the Department of Health distributed free literature on many health topics. Leaders of The Tribune had been obtaining a supply should write to the Department in Edmonton.

Young Albertans to the number of 15,000 are expected to enrol in the 1939 youth training projects to be carried out this year. The projects are the result of a joint agreement between province and Dominion. Cost to each government is estimated at \$180,000—an increase over last year's cost of \$100,000 to each government. In addition, the province is expected to make available to the \$300,000 for forestry training, and the Dominion will likely match this amount.

Last year the youth training project was divided into two classes. Class "A" for re-establishment of rural youths and girls was carried on at 35 provincial centres, with a total enrolment of 3,523. Class "B" enrolled 40 young foresters. Class "C" trained 120 home assistants, of whom 75 have already obtained work. Class "D" provided trade and industrial training for 1,051 young boys, of whom 323 were placed. Class "E" enrolled 7,992 persons in the health and recreational course. These were divided into 99 groups in 35 provincial centres, with a total enrolment of 7,992. It is expected that the number will be increased this year.

This year an additional class will be established. In it at least 35 fortunate enrollees will obtain training in aerobics.

Protest against the scheduled licensing of anglers in national parks has been made by George A. Kettle, president of the Northern Alberta Fish and Game League. In a letter to Hon. T. A. Crerar, Dominion Minister of Mines and Resources, the League president also requested the establishment of a \$3,000 fry hatchery at Jasper and rearing ponds.

PROVINCIAL ELECTION MAY NOT BE TILL NEXT SUMMER, SAYS PREMIER

EDMONTON, July 3.—Asserting that a provincial general election depends upon when a Dominion election is called, Premier Aberhart said there was a possibility of an Alberta vote being called until next summer, when speaking at the annual Social Credit picnic at Victoria Park Saturday.

It is noteworthy that for rivers and streams outside the parks the provincial government is the most modern equipment in the Dominion.

Employees of the Alberta government who draw whole or part salaries contributed by the Dominion were called upon to contribute as do other civil servants up to 25 per cent of their salaries. Purpose of the new move is to protect the federal parliament against a caucus in the government from the Dominion taking exception to any grants being paid out in Alberta credits.

Alberta's Maternal Welfare Act, which provides for cash allowances to needy mothers, is now operative.

Dr. W. Cross, it is expected that between \$60,000 and \$70,000 will be allocated this year under the new measure. Grants are intended primarily to supply necessary food for infants during their first months of life. Applications should be made after the birth of the child, to the local registrar or vital statistician.

Following the radio address by Hon. W. D. Herridge, Wednesday night, Social Credit members of the federal parliament attended a caucus in the city Thursday to discuss the former Canadian Minister's program.

The members have been in caucus for several days past, but at the week-end had not indicated what they will take in regard to the New Democracy proposals.

Good progress in the provincial government's bear exchange policy is reported by the Department of the Interior. Although operating only one month, over forty bears have been ordered by the bear raisers who wish to improve their herds. It is anticipated that by fall the number of bears will reach several hundred.

The movement for live stock improvement is also gaining pace in the horse and cattle circles. For the first time in the Dominion the distribution of bulls and stallions has been highly encouraged.

Alberta still leads all other provinces in the reduction of unemployment. For the period January 1 to May 31, the situation here showed a 11.06 per cent decrease, compared with 7.59 per cent in Ontario and 5.27 in British Columbia. In other provinces unemployment figures are: Saskatchewan 10.14, Manitoba 10.14, and the Northwest Territories 10.14.

At the 9th Hole

Last Sunday saw a very small turn-out at Richmond Hill golf course, no doubt on account of Dominion Day being on Saturday, and expectation of another day of heavy wind. However, it turned out to be a perfect day, with just enough breeze to keep players cool.

Low Edwards is wondering when someone will put up a prize for birds on hole three. Low is making them quite regular now, but has his doubts about making a birdie on hole four.

No entries have been made for the Kerr challenge button for ladies, and Pro "Sandy" is feeling a little downhearted. So, ladies, get your entries in, and let us have some competition soon.

Donny Butchart and Cliff Wright have taken up golf and it is to be hoped will get other boys of their age interested in the game. Donny's lowest card to date is a 56, but he hopes to be well under 50 before the season is over. Cliff is hitting a 200-yard ball off the tee, but his putting needs improvement.

Pro. Stevenson and Geo. Duncan had their round on Sunday. "Sandy" turned in cards of 37, 38 and 41; Duncan 40, 41 and 39. Duncan was 27 at the end of the seventh hole, drove four off the tee at the eighth and a seven and missed a three-foot putt on nine for a birdie. In one of these rounds both players had made a hole-in-one on hole seven but both managed to get pars, holing out off the green.

A. R. McMillan and "Sandy" Stevenson challenged Larry Cobb and Geo. Duncan to an 18-hole match on Friday evening, which was accepted. No doubt one of these players will turn in a record card.

PIPESTONE CREEK

DISCUSS ORGANIZATION OF AGRICULTURAL SOCIETY

Two One-Act Plays And Dance Complete Activities Of Big Day At Pipestone

PIPESTONE CREEK, July 3.—Several major events made Pipestone Creek a very busy place on Wednesday last week when a well attended afternoon meeting was held to form an Agricultural Improvement Association.

Mr. Scarth, District Agriculturist, in the course of an interesting speech, outlined the benefits to be derived from the organization by the use of various Dominion and provincial policies that would bring to the district a good deal of good. He also outlined the possible activities of the association, including the use of a T.B.-free area; (2) warble fly control.

Mr. Kearns then gave an interesting talk on weed control, which he backed up by a display of various noxious weeds with particular reference to those weeds that are enemies of the alfalfa seed growers.

Mr. Albright, in the course of a humorous address, paid high tribute to the Scotchman and Scotch people. Turning to more serious subjects, Mr. Albright gave a most interesting talk on wireworm control, and supported previous speakers in their wish to see an Agricultural Society formed at Pipestone Creek.

Mr. Bliss, manager of the Grande Prairie Creamery, gave a short talk on how to get "Special" for cream, followed by a question period that has proved a distinct benefit to many shippers.

The meeting, which was under the chairmanship of Harold Hosker, drew to a close at 5:30 p.m. when the speakers were entertained to supper.

Commencing at 11 p.m. the evening, the South Wapiti Dramatic Club gave a splendid rendering of two one-act plays.

After an overture by Jim Ball and his accordion, the curtain rose on "The Obstinate Family," an amusing bit of family life, with Mr. Eng and Mr. Ball giving a clever portrayal of the father and mother-in-law.

Another member of the cast, Maurice Lofstrom and Miss Moore (the popular South Wapiti teacher) ably playing the part of the young couple, and Harold Lofstrom as the suitor, who flirts with the niece-looking maid (Peggy Gerow).

During the interval Jim Ball and his accordion played a selection of popular music, and a song by the loveliest of the man, played by the loveliest of the man, played by the loveliest of the man.

The second play was "Wooing Under Difficulties," in which Mr. Eng made her debut on the local stage, playing the part of the Mother to Alice Gerow. A newcomer also to local theatrical circles was Oscar Vicklund in the part of Mr. Witherington. This play has been previously reported in the news, but again particular mention must be made of the clever acting of Mr. Eng and Miss Cockney servant and Harold Lofstrom as the lover mistaken for the man, played by the loveliest of the man, played by the loveliest of the man.

After the performance the artists were introduced to the audience and bouquets presented to the actresses, who when received a tremendous ovation.

It's not surprising that such divinely designed affairs should be popular and you don't have to be a general to know it. "Sandy" said well-known dramatic critic present.

The next item on the program was a recitation by Frank Spicer, which was well received and enjoyed.

Following the recitation, the audience, led by Jim Ball and his accordion, joined in a community sing-song.

The loft was then quickly cleared and the dance continued till 4 a.m. Mr. Ball and his accordion provided the music and proved lively and popular with the crowd.

Spirit River . . .

(Continued from Page One)

Mr. Rowe gave one of the very finest addresses I ever heard anywhere or anytime, and I have listened to most of the speeches of the politicians for forty years. Every statement he made was full of information and insight, and he was very courteous and, I think, answered their questions fully. He gave different instances where Mr. Aberhart did definitely promise \$25 per month and showed very plainly where the fundamental principles of the C.C.F. and Social Credit are exactly opposite. The C.C.F. stands for public ownership of public property and Social Credit stands for private ownership of public property.

Correspondent Makes Appeal To C.C.F. Workers

At the end of his news the correspondent made the following appeal: "So then, you are people. You either believe in one set of principles or the other. Now, the C.C.F. workers, it is up to us to organize every poll in the new Spirit River riding and to see that delegates get to Rycroft on July 25 from every poll. Also we need new members for the National Association of delegates to the annual C.C.F. convention to be held in Edmonton in early August."

"Remember, farmers, the C.C.F. stands for public ownership of public property and the transportation system is public property, and as was pointed out the people of Canada pay for the National Railway every twenty years at 5 per cent. And we are farmers, we pay for these elevators every ten years, and the only ones we own are the Pool Elevators. A lot of money is paid to the elevator companies by the farmers, but don't be fooled—it is you and I who own them, more than once. Patronize the Pool and in two years the grain-handling business will be ours."

"Send in your membership, one dollar, for Spirit River constituency, to R. Graeme Thomlinson, Whitburn."
